8. Exposure controls/personal protection

-

9. Physical and chemical properties

Appearance: Clear liquid
Odour: -
pH (1% in water): -
Viscosity at 20°C: -
Relative density (20°C): 0.83 - 0.88 g/cm
Solubility in water: Negligible

10. Stability and reactivity

Stability: Stable in normal conditions.
Conditions to avoid: Temperatures below 5°C and above 25°C
Materials to avoid: -

safety data sheet

11. Toxicological information

Inhalation	N/A
Skin contact	N/A
Eye contact	N/A
Ingestion	Oral ingestion of substantial quantities may require injection of diuretic to remove excess sodium.

12. Ecological information

-

13. Disposal considerations

Empty the contents and incinerate at 400°C (minimum), or dispose by landfill at an approved site.

14. Transport information

UN No:	-
Road carriage	Not classified as hazardous
TREM card no	-
ADR/RID class	-
IMDG class and packing group	-
Proper shipping name	-
Marine pollutant	-
Customs tariff (harmonised system)	-

15. Regulatory information

CHIP classification	Not classified as hazardous
Hazard symbol	-

16. Other information

Sources of data used to compile sheets: Manufacturers data sheets, national and international regulation.

Please ensure this safety data sheet is passed on to the appropriate persons in your company, who are capable of acting on the information.
