

## safety data sheet

**Product Name:** Solucaps food safe sanitiser  
**Product Code:** 46867  
**Address:** Gompels HealthCare Ltd  
No.1 Swift Way  
Bowerhill Ind. Est.  
Melksham  
Wiltshire  
SN12 6GX

For technical and non-emergency calls Tel: 0845 450 2420 Fax: 0845 450 2422

For advice on medical emergencies, fires, spillages or chemical hazards Tel: 01934 862 859

### 2. Composition/information on ingredients

Product description Sanitiser

### Ingredients (Dangerous Components)

Component name	Concentration	R Phrase	Classification
Sequestrant	10.00-15.00	R36/38	Xi
Sodium Carbonate	20.00-40.00	R36/38	Xi
Surfactant	5.00-15.00	R36/38	Xi

### 3. Hazardous identification

Inhalation: Exposure to dust may cause severe irritation.

Skin contact: Material will cause irritation.

Eye contact: Dust will cause conjunctival irritation.

Ingestion: Swallowing may cause irritation to the mouth.

### 4. First aid measures:

Inhalation: Remove from exposure

Skin contact: Immediately flood skin with large quantities of water, preferably under a shower. Remove contaminated clothing as washing proceeds.

## safety data sheet

Eye contact: Immediately flood the eye with plenty of water for at least 15 minutes, holding eye open. Obtain medical attention urgently.

Ingestion: DO NOT induce vomiting. Drink large quantities of water or milk. Seek medical advice immediately and show this document.

### 5. Fire fighting measures

Extinguishing media Use water spray, foam, dry chemical or Carbon dioxide.  
This product may give off hazardous fumes in a fire.  
Fire fighters require the necessary personal protective equipment for fire-fighting irritant chemicals. Wear self contained breathing apparatus.

### 6. Accidental release measures

Wear appropriate protective clothing.  
Try to prevent the material from entering drains and water courses.  
Small spillages may be flushed with large quantities of water. Large spillages should be collected for disposal. Finally flush area with plenty of water.

### 7. Handling and storage

Handling: Wear recommended personal protective equipment. DO NOT mix with other chemicals. Avoid inhaling dust.  
Storage: Store in original containers.

### 8. Exposure controls/personal protection

Sequestrant non assigned  
Sodium carbonate dust, respirable: OES 10mg/m<sup>3</sup> 8h Twa. Dust, total inhalable: UK EH40 OES 10mg/m<sup>3</sup> 8h TWA  
Surfactant non assigned  
Respiratory Protection: Respiratory protection not normally required  
Hand Protection: PVC or rubber gloves  
Eye Protection: Chemical goggles or face shield  
Body Protection: Wear PVC or other impermeable suit. PVC or rubber boots

## safety data sheet

### 9. Physical and chemical properties

Appearance:	salmon coloured powder
Odour:	-
pH (1% in water):	-
Flash point oC:	N/A
Boiling point/range:	N/A
Explosion limits:	N/A
Relative density (water = 1):	N/A
Viscosity:	N/A
Solubility in water:	completely soluble
Liposolubility:	N/A
Solubility in solvents:	N/A

### 10. Stability and reactivity

Stability:	Stable under normal conditions
Conditions to avoid:	Extremes of temperature
Materials to avoid:	-
Hazardous decomposition products:	-

### 11. Toxicological information

The constituents of this preparation are classified as non-toxic

### 12. Ecological information

The product is readily biodegradable. It is not expected to bio accumulate.

### 13. Disposal considerations

Dispose of in accordance with all local and national regulations.  
Where possible, container should be rinsed with clean water and disposed of in line with local regulations.

## safety data sheet

### 14. Transport information

ONU No: -  
Road carriage Not classified as hazardous  
IMDG (sea)  
OACI/IATA (air)  
ADNR (waterways)

### 15. Regulatory information

CHIP classification Not classified as dangerous  
Hazard symbol Xi - Irritant

**Risk phrases** 36/37/38 Irritant to the eyes, respiratory tract and skin

### Safety phrases

S2 Keep out of reach of children.  
S26 In case of contact with eyes, wash immediately with plenty of water and consult a specialist

### 16. Other information

Legislation complied with:  
This safety data sheet complies with the directives and amendments of EEC No: 67/548/EEC and 91/155/EEC 1999/45/EC

Warnings or important remarks:  
It is recommended that the information contained in this safety data sheet should be passed on to users, perhaps in an appropriate form.

Use of the substance/preparation:  
Detergent

Restriction/s on recommended use/s:  
This product must not be used for uses other than those specified above without obtaining written handling instructions in advance.
